Engagement	Independent Business Development Expert — Commission Based
Effective Date	August 24, 2026

RECITALS

IntelliOps Automation designs and develops AI-powered RPA, workflow automation and intelligent document processing solutions around actual business processes.

The Company's published service areas include RPA, AI workflow automation, intelligent document processing, workflow/API automation, business process automation and automation maintenance.

The Company's published methodology emphasizes process discovery, detailed documentation, right-fit automation architecture, development/testing, deployment and continuous optimization.

ELENA REVICHEVA is engaged to originate and develop commercial opportunities for these services on a commission basis.

1. APPOINTMENT AND PURPOSE

IntelliOps Automation appoints ELENA REVICHEVA as an independent Business Development Expert to identify, introduce, qualify, develop and assist in closing commercial opportunities for IntelliOps Automation. The engagement is commission-based and does not create a salary, employment or guaranteed-compensation relationship.

2. COMPANY SERVICES

The BD Expert may promote Company-approved services including AI-powered RPA, AI workflow automation, intelligent document processing using OCR and related technologies, workflow/API/system integration, business process automation, and automation maintenance/optimization. The Company's approach is process-first: discovery, documentation, right-fit architecture, development/testing, deployment and ongoing optimization.

3. BUSINESS DEVELOPMENT DUTIES

The BD Expert shall identify target accounts and decision-makers; conduct lawful professional outreach; qualify opportunities; arrange discovery calls and demonstrations; support proposals and commercial discussions; maintain opportunity records; communicate prospect requirements accurately; and coordinate with Company personnel through contracting and handoff.

4. REPRESENTATION AND AUTHORITY

The BD Expert may not bind IntelliOps Automation or independently approve pricing, discounts, warranties, guarantees, technical commitments, security representations, delivery dates, refunds, payment terms or contracts. Final commercial, legal, technical and delivery decisions remain with authorized Company representatives.

5. COMMISSION — 20%

For every Qualifying Deal attributable to the BD Expert, the Company shall pay twenty percent (20%) of Net Collected Revenue actually received and retained by IntelliOps Automation from that deal. A Qualifying Deal must result from the BD Expert's documented introduction or material development, be accepted by the Company as attributable under Section 8, become a customer transaction, and generate actual customer payment.

6. NET COLLECTED REVENUE

Net Collected Revenue means amounts actually received and retained by the Company, excluding taxes, refunds, credits, chargebacks, pass-through amounts, third-party costs, reimbursable expenses and amounts not ultimately collected. Example: \$25,000 of qualifying Net Collected Revenue produces a \$5,000 commission.

7. PAYMENT OF COMMISSION

Commission is payable only after the Company receives the relevant customer funds. For milestone or installment billing, commission is calculated proportionally on each collected installment. Approved commission will ordinarily be paid within fifteen (15) business days after collection and verification.

8. OPPORTUNITY ATTRIBUTION — ADVANCE CONFIRMATION

The BD Expert shall register each material opportunity by email, CRM entry or other written Company-approved method before materially investing time in development of the opportunity. Registration shall identify the prospect, relevant contact, introduction date, business need and evidence of involvement. Within five (5) business days after receiving a complete opportunity registration, the Company shall provide written confirmation that the opportunity is (a) accepted as attributable to the BD Expert, (b) rejected as non-attributable, or (c) requires clarification. A rejection shall state the material basis for the rejection, including any pre-existing Company account, pipeline opportunity or substantially developed prospect. Once the Company confirms an opportunity in writing as attributable, that confirmation shall govern commission eligibility for that registered opportunity, subject to the other terms of this Agreement. Where multiple sources contribute to an opportunity, the parties shall determine attribution in good faith from business records before the opportunity is materially pursued.

9. MONTHLY COMMISSION STATEMENT

The Company shall provide the BD Expert with a written commission statement monthly, covering the preceding month. The statement shall identify, for each opportunity attributed to the BD Expert: (i) the customer/deal, (ii) amounts invoiced during the period, (iii) amounts actually collected during the period, (iv) applicable deductions from Net Collected Revenue, if any, (v) Net Collected Revenue used for commission calculation, and (vi) commission payable at the twenty percent (20%) rate. If no amounts were invoiced or collected for an attributed opportunity during the month, the statement may indicate that no commission is presently payable for that opportunity.

10. SALES HANDOFF AND DELIVERY

The Company may perform process discovery, detailed process documentation, automation architecture, development, testing, deployment, monitoring, maintenance and optimization. The BD Expert shall provide accurate requirements and facilitate a professional handoff to the Company delivery team.

11. INDEPENDENT CONTRACTOR

The BD Expert is an independent contractor and not an employee, officer, partner, shareholder, joint venturer or legal agent of the Company. The BD Expert is responsible for applicable taxes, registrations, insurance, equipment and ordinary expenses unless expressly approved by the Company.

12. CONFIDENTIALITY

The BD Expert shall protect non-public Company information, including customer/prospect data, pricing, proposals, technical information, automation architectures, workflows, credentials, financial information, business plans, pipeline information and intellectual property. Confidential information shall be used only for authorized Company business. These obligations survive termination as required by applicable law.

13. DATA PROTECTION AND OUTREACH

The BD Expert shall use prospect and customer data responsibly, comply with applicable privacy and electronic-marketing requirements, and promptly report suspected unauthorized access, disclosure, loss or misuse. No deceptive, fraudulent, unlawful or misleading outreach is permitted.

14. INTELLECTUAL PROPERTY AND BRAND

All IntelliOps Automation branding, trademarks, website content, proposals, presentations, software, workflows, documentation, automation designs and other Company intellectual property remain Company property or the property of its licensors. The BD Expert receives only a limited right to use approved materials for authorized business development.

15. NON-CIRCUMVENTION

During the term and for twelve (12) months after termination, the BD Expert shall not knowingly divert, conceal, circumvent or redirect a Company opportunity introduced or materially developed under this Agreement for the purpose of taking the related business outside IntelliOps Automation.

16. CONFLICTS OF INTEREST

The BD Expert shall disclose material conflicts and shall not use Company confidential information, prospects, pricing, proposals or relationships for another business or competing engagement.

17. EXPENSES

Expenses are reimbursable only when approved by the Company in writing before being incurred and supported by reasonable documentation.

18. TERM AND TERMINATION

This Agreement begins on the Effective Date and continues until terminated. Either party may terminate upon thirty (30) days' written notice. The Company may terminate immediately for fraud, material breach, unauthorized commitments, misuse of confidential information, unlawful conduct or serious misconduct.

19. POST-TERMINATION COMMISSION

Termination does not extinguish commissions already earned. A documented qualifying opportunity confirmed in writing as attributable to the BD Expert before termination remains commission-eligible if the resulting customer transaction is executed within six (6) months after termination and the Company receives the relevant Net Collected Revenue.

20. PROFESSIONAL CONDUCT

The BD Expert shall not make false or misleading statements, promise unauthorized results, misrepresent Company capabilities, offer unauthorized discounts, guarantee savings or performance, impersonate Company personnel, or engage in bribery, fraud or unlawful activity.

21. INDEMNIFICATION

Each party shall be responsible for losses caused by its own fraud, willful misconduct, material breach or violation of applicable law, subject to applicable legal limitations.

22. GOVERNING LAW AND DISPUTES

This Agreement shall be governed by and construed in accordance with the laws of India, without regard to conflict-of-law principles. The parties shall first attempt in good faith to resolve any dispute through direct discussion. If the dispute cannot be resolved amicably, the courts having competent jurisdiction in New Delhi, India shall have exclusive jurisdiction, subject to any mandatory provisions of applicable law.

23. ENTIRE AGREEMENT

This Agreement constitutes the complete agreement concerning the engagement and supersedes prior discussions on the same subject. Amendments or waivers must be in writing and accepted by both parties.

24. ELECTRONIC SIGNATURES

The parties may execute this Agreement by electronic, digital or scanned signature, or through an electronic-signature platform, to the extent permitted by applicable law. Electronic execution evidences each party's intent to be bound.

25. SEVERABILITY AND COUNTERPARTS

If any provision is invalid or unenforceable, the remaining provisions remain effective to the maximum extent permitted by law. This Agreement may be executed in counterparts and electronically.

26. ACKNOWLEDGEMENT

Each party confirms that it has read and understood this Agreement, has had an opportunity to seek independent professional advice, and voluntarily agrees to its terms.

SIGNATURES & ELECTRONIC EXECUTION

The parties execute this Agreement electronically as of the Effective Date stated above.
